

MODEL

8310

DOOR FEATURES

Foamed-in-Place Polyurethane Insulation

Provides thermal efficiency with a U-factor* ₹ of 0.15 and an R-value** of 12.12.

TorqueMaster® Plus Counter Balance System

Contains springs safely inside a steel tube to prevent accidental release of tension that could cause injury and features anti-drop safety technology.

*U-factor is independently tested and verified per ANSI/DASMA 105 using solid doors and specific product sizes.

**Wayne Dalton uses a calculated door section R-value for our insulated doors.

Three Sections for 7' High Doors

Provide large steel embossments for a dramatic appearance.

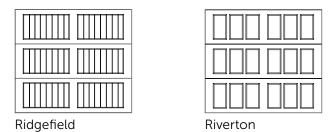

High Cycle Spring Option

Choose a 25,000 cycle spring for more than twice the life of a standard torsion spring.

Limited Lifetime Warranty
