**Wayne Dalton Debuts Luminous All-Glass Frameless Garage Door**  
*Luminous instantly adds a sleek, modern style to any commercial or residential setting*

**Lewisville, Texas, May 12, 2017** - Inspired by glistening modern skyscrapers, Wayne Dalton has introduced Luminous™, a sleek, full-view glass door with no visible framework from the exterior - producing an ultra-modern frameless appearance perfect for contemporary homes, restaurants, bars and urban office environments. It is available for residential (Model 8450) and commercial (Model 464) installation.

“Hands down, Luminous is the sleekest all-glass garage door currently available in the market,” said Joe Dachowicz, Vice President of Marketing at Wayne Dalton.

The doors, Wayne Dalton’s first all-glass models, are built-to-order and can be customized in five glass finishes (Opaque White, Opaque Black, Mirrored Gray, Mirrored Bronze and Translucent Black).

“The translucent glass is perfect for restaurants, bars and other retail settings where some visibility from the interior is desired. Opaque glass is a great option for residential and commercial spaces where privacy is a priority. And the mirrored glass adds an extra touch of style for those seeking a contemporary flair,” said Dachowicz.

To ensure safety and reliability, Luminous underwent rigorous testing which included being placed in an environmental chamber to test the door in extreme temperatures and user testing on homes.

A flexible vinyl bottom seal helps prevent glass breakage and provides a great weather barrier that helps deter dirt and other elements.
