

CONTEMPORARY ALUMINUM

DOOR FEATURES

Aluminum rails and stiles are designed with non-beveled edges and straight lines to create a true contemporary style.

Optional polyurethane insulation

adds U-factor* as low as 0.27 and R-value** of up to 4.36

*U-factor is independently tested and verified by ANSI/DASMA 105 using doors with full glazing and specific product sizes.
 **Wayne Dalton uses a calculated door section R-value for our insulated doors.

Tongue-and-groove joints provide a great weather barrier.

Flexible vinyl bottom seal helps prevent dirt and elements from entering your garage.

Choose a 25,000 cycle spring for more than twice the life of a standard torsion spring.

Reinforcing fins on all top sections and as needed on intermediate sections, provide years of smooth, trouble-free operation. (The fins are the extruded part of the door section that are not visible through the glass).

Model 8800 offers a five-year limited warranty on the aluminum and one-year limited warranty on the glass. See full text of warranty for details.

1 Select the Platform

Standard Frames

8' Wide (2 panel)*

9'-12' Wide (3 panel)

Over 12' Wide (4 panel)

Double-wide Frames

8' Wide (2 panel)*

9'-12' Wide (3 panel)

Over 12' Wide (4 panel)

18' Wide (5 panel)**

Due to the weight of this door, it is only offered in the Double-wide frame.

*2 panel wide is optional for 9' doors.

Panel spacing drawings shown are for illustrative purposes only and do not reflect actual stile and rail dimensions.

If 6" frame is ordered, other doors must be ordered from that grouping to match and may incur an additional upcharge.

See dealer for details.

**4-panel wide is optional for 18' wide doors.

If you are ordering a 16'3" or wider door as well as a single door, check with your dealer to ensure that the door frames match.

2 Choose your Color

Anodized Finishes

Clear (Standard)

Bronze

Black

Powder Coat Finishes

White

Dark Bronze

Black

RAL Powder Coat Finishes

Select from approximately 200 powder coat color options to best match your home.

Actual colors may vary from brochure due to fluctuations in the printing process. Always request a color sample from your Wayne Dalton dealer for accurate color matching.

3 Choose your Glass

1/8" Clear Glass

Green Tint

Gray Tint

Bronze Tint

Satin Etched

White Laminated

Obscure

Custom glass also available. See dealer for details.
Most panel styles are also available in both single pane and insulated configurations.

Clear anodized aluminum, Satin Etched glass

THERMAL PERFORMANCE

Wayne Dalton participates in the DASMA Thermal Performance Verification Program. The program verifies the thermal performance of sectional garage doors. The lower the U-factor rating, the better the thermal performance.

Symbol indicates verified U-factor rating in accordance with the DASMA Thermal Performance Verification Program.
