Wayne Dalton™

MODEL 8600

CARRIAGE HOUSE STEEL

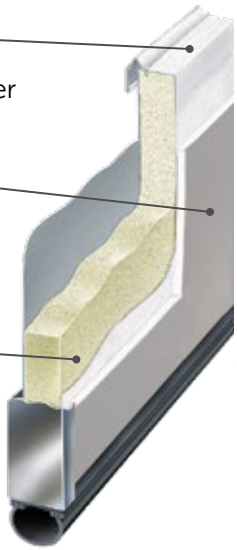
Springfield panel, Almond/White finish, Somerton windows, Decorative hardware

DOOR FEATURES

Section Joints
Snug fitting tongue-and-groove section joints reduces wind and weather from entering the garage.

Durable DecaTrim™ II Overlays
These overlay boards are specially treated to resist termites, weather and fungal decay.

Foamed-In-Place Polyurethane Insulation
Provides thermal efficiency with a U-factor* of 0.21 and an R-value** of 12.12, helps block street noise and makes the door operate more quietly.



**U-Factors are based on independent testing and verified per ANSI/DASMA 105. For products other than aluminum full-view doors, testing was conducted on specific sizes of solid doors. Actual thermal performance may vary by door size and configuration.*

***Wayne Dalton uses a calculated door section R-value for our insulated doors.*

High Cycle Spring Option
Choose a 25,000 cycle spring for more than twice the life of a standard torsion spring.

Heavy Duty Hinges
Attractive 14-gauge heavy duty hinges provide maximum strength between sections, stability and smoother door operation.

Quiet Rollers
Ball-bearing rollers with nylon wheels and solid steel shafts provide years of smooth, quiet and dependable service.

Wind Load Options
Available with hardware and reinforcements to comply with building codes in regions with high winds.

Wayne Dalton Certified windSAFE

Tested and Rated IMPACT GARAGE DOORS

Limited Lifetime Warranty

LIMITED LIFETIME Wayne Dalton WARRANTY

1 Choose Your Style

All door top sections are available in arched or square designs.
Double car door designs are equivalent to 2 single-car doors side by side. Dashed lines in below drawings represent where door sections will meet in an 8x7 configuration. Section breaks will vary based on door size and configurations.

Square Top

2 Choose Your Overlay Texture

DecaTrim™ II Overlay Texture Options

Smooth

Wood Grain

3 Choose Your Color

Actual colors may vary from brochure due to fluctuations in the printing process. Always request a color sample from your dealer for accurate color matching before ordering your door.

DecaTrim™ II overlays are provided in White only. For a two-toned look, choose from, Almond, Sandstone, Terra Bronze, Brown or Black as shown below.

White/White | Almond/White | Sandstone/White | Terra Bronze/White | Brown/White | Black/White

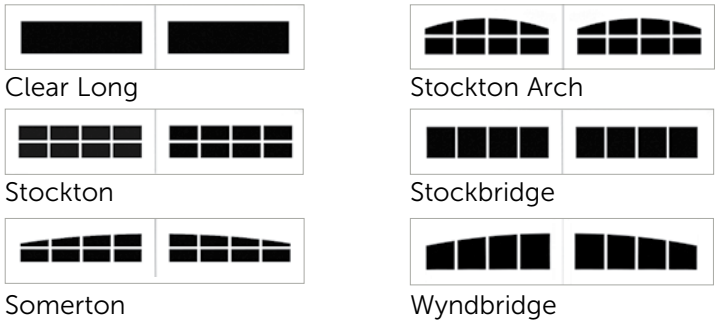
4 Choose Your Windows

Window patterns are shown for an 8' wide single-car door. Spacing of windows may change depending on door size. Not all windows are available in all door sizes.

Routed windows

Doors built with the Routed windows use a clean top section design where the wood overlay is routed from a wood face panel.

Only available with smooth overlay trim.

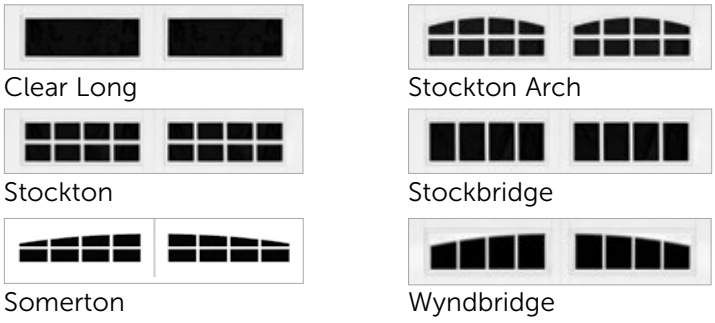


Clear Long | Stockton Arch | Stockton | Stockbridge | Somerton | Wyndbridge

Framed Insert windows

Doors with Framed Insert windows use a classic wood door design with the top section constructed from wood overlay boards.

Available for both smooth and wood grain overlays.

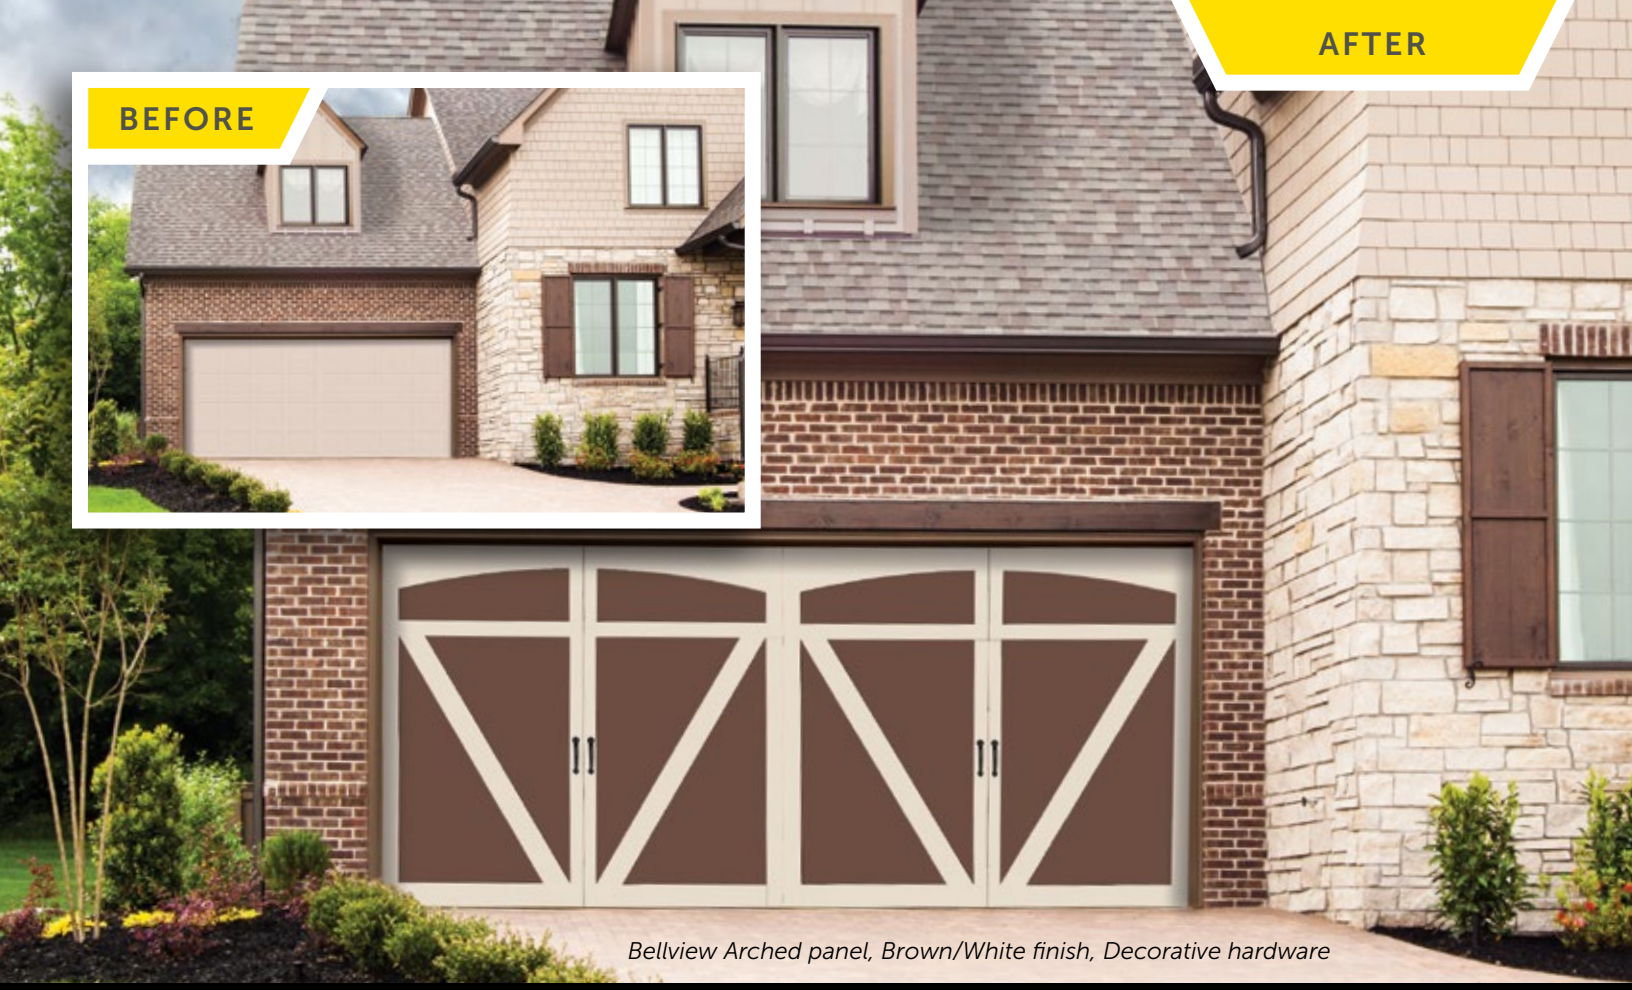


Clear Long | Stockton Arch | Stockton | Stockbridge | Somerton | Wyndbridge

5 Choose Your Decorative Hardware

Arrow | Spear | Fleur De Lis

See website for additional hardware options.



Bellview Arched panel, Brown/White finish, Decorative hardware

THERMAL PERFORMANCE

DASMA Door & Access Systems Manufacturers Association International
THERMAL PERFORMANCE VERIFICATION PROGRAM
www.dasma.com/thermal

Wayne Dalton participates in the DASMA Thermal Performance Verification Program. The program verifies the thermal performance of sectional garage doors. The lower the U-factor rating, the better the thermal performance.

Symbol indicates verified U-factor rating in accordance with the DASMA Thermal Performance Verification Program.
