

MODEL 8500

MODERN STYLE

Long panel, Black finish, Stockton Long (8-Lite) windows

DOOR FEATURES

Effective Joint Seals

Snug-fitting tongue-and-groove section joints reduces wind and weather from entering the garage.

Foamed-In-Place Polyurethane Insulation Thermally efficient with a U-factor* of 0.12 and an R-value** of 16.22.

Heavy Gauge Steel End Caps Wrap-around end caps trim out door edges for better appearance, improved strength and protect the insulation from damage.

Silent Glide Rollers

Nylon rollers with solid steel shafts provide years of smooth, quiet and dependable operation.

High Cycle Spring Option

Choose a 25,000 cycle spring for more than twice the life of a standard torsion spring.

Wind Load Options Available

with structural reinforcements for use in coastal or high wind regions.

Limited Lifetime Warranty

*U-factor is independently tested and verified per ANSI/DASMA 105 using solid doors and specific product sizes.

**Wayne Dalton uses a calculated door section R-value for our insulated doors.
