

7000 S E R I E S

CARRIAGE HOUSE WOOD

Our Carriage House Wood doors combine the convenience of modern sectional doors with the classic look of swing-open carriage house style doors. Our wood artisans hand-build these doors with thorough attention to every detail.

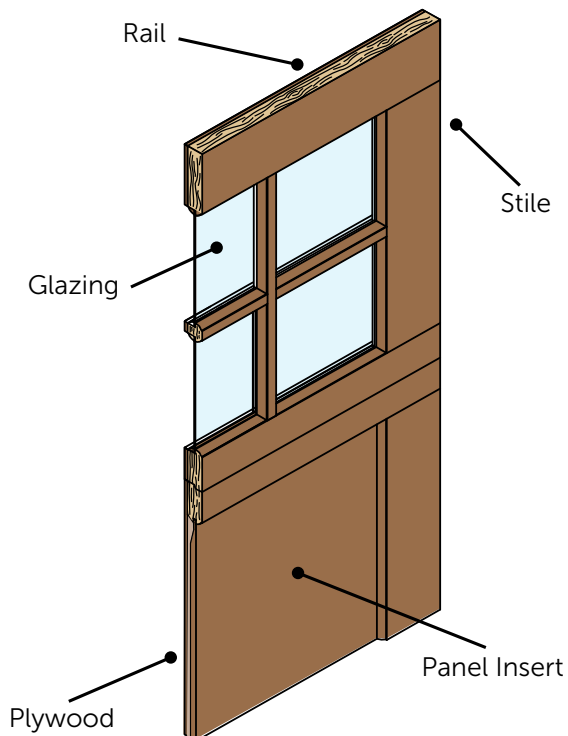

DOOR CONSTRUCTION

STANDARD CONSTRUCTION

Built with a single layer of natural wood, these garage doors offer timeless beauty and classic appeal. Their simple construction highlights the wood's natural grain and warmth, adding charm and sophistication to a variety of architectural styles.

- Paint or stain grade
- Optional insulation
- 1-5/8" thick rail and stile construction
- Panel inserts available

Model 7100

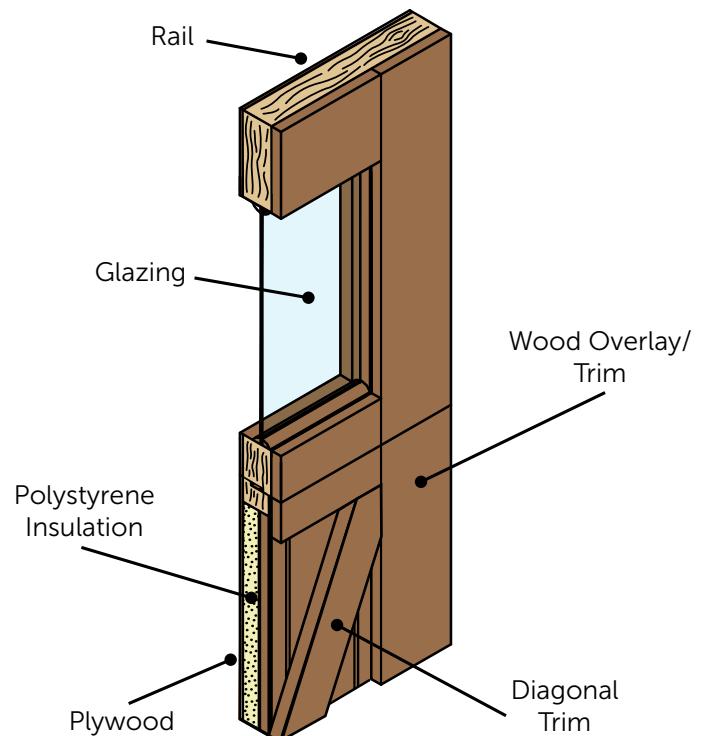

PREMIUM CONSTRUCTION

Built with layers of wood and insulation, our premium wood garage doors combine timeless beauty with enhanced performance. The layered design can help improve durability and energy efficiency while showcasing the natural grain and warmth of wood for a sophisticated, high-end look.

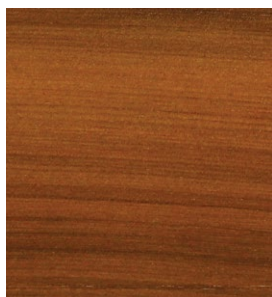

- Paint or stain grade
- Designed with a 4-layer sandwich construction* offering polystyrene insulation & enhanced energy efficiency at an R-value of up to 4.75.
- Door thickness may vary based on wood type
- Panel inserts available

Model 7400

**Thickness may vary slightly depending on wood type*

CUSTOM WOOD DOORS

Wayne Dalton offers unparalleled variety with our custom wood garage doors. Choose from **premium wood species** like cedar or mahogany for its smooth, weather-resistant grain, or hemlock for an ideal painting surface. Unique wood varieties can also be specified to create truly one-of-a-kind designs.

Each door is **handcrafted by skilled artisans** in Mt. Hope, Ohio, and Centralia, Washington, ensuring **exceptional quality** and attention to detail. As one of the largest makers of wood garage doors, Wayne Dalton delivers a broad product offering designed for beauty, durability, and customization.
