

**DOOR FEATURES**

**Foamed-in-place polyurethane insulation**

with a U-factor\* of 0.24 and an R-value of 11.75\*\* is permanently bonded to the vinyl skin for thermal efficiency, durability and added rigidity.

**Twin 22-gauge steel C-channels**

run full length of each panel and are anchored to interior steel stiles for strength.

\*U-factor is independently tested and verified per ANSI/DASMA 105 using solid doors and specific product sizes.

\*\*Wayne Dalton uses a calculated door section R-value for our insulated doors.

**Durable door construction**

PVC color construction means scratches are less visible because the color goes all the way through the material. The UV-Resin used in the door's construction contains special polymers that protect the door from the sun's harmful ultraviolet rays. Ideal for coastal regions for its resistance to salt air and sand.

**TorqueMaster® Plus Counter Balance System**

Contains springs safely inside a steel tube to prevent accidental release of tension that could cause injury and features anti-drop safety technology.

**High Cycle Spring Option**

Choose a 25,000 cycle spring for more than twice the life of a standard torsion spring.

**Wind Load Options**

Available with structural reinforcements for use in coastal or high wind region.

## 1 Choose Your Style

Colonial

Sonoma

## 2 Choose Your Color

Glacier White

Adobe Cream

Monterey Sand

Cape Cod Gray

Actual door colors may vary slightly from the brochure due to fluctuations the printing process. Always request a color sample from your Wayne Dalton Dealer for accurate color matching.

## 3 Choose Your Windows

Stockton I

Williamsburg I

Optional insulated glass available for improved thermal performance.
